To Whom It May Concern

Cally Designers was awarded the contract for the construction of the Apartment Complex at No. 30, Hyde Park Corner, Colombo 02. The decision for awarding the contract was based on the estimated costs, contractor's experience and reputation for undertaking such tasks which require high standards of quality and the ability to ensure strict adherence to construction timelines.

The apartment consists of 07 floors, measuring 15,000 square feet. The entire construction was routinely inspected by the Architects who commended Cally Designers for the quality of their workmanship and the timely completion of tasks.

We would like to convey our sincere gratitude to Malcolm De Silva, the proprietor of Cally Designers for a job well done as the completed projects had met and in certain cases, exceeded our expectations. The office staff, management team and field staff played an important role in executing the successful completion of the project.

We would recommend Cally Designers to any of our associates contemplating on large scale renovations, remodeling or ground-up new construction.

Yours truly,
